Objective

Music industry professional learning programming as a hobby for the last 15 years, I am seeking a career switch to aim the knowledge I've gained into professional direction in a role of software developer.

Qualifications

- Expert in JavaScript and TypeScript programming languages
- Highly skilled in full-stack web and mobile development
- Passionate contributor to open-source and web standards
- Fluent in agile development and scrum terminology

Experience

Codeworks

August 2020 / present

Lead Instructor of Remote Course

<https://codeworks.me>

- Teach students introduction to Computer Science and Full-Stack Web Development
- Conduct technical interviews and assess student knowledge
- Refactor existing codebase and curriculum to match the latest standards
- Mentor and code review students projects

The New Zen

April 2020 / July 2020

Software Developer (Freelance)

- Develop fully functional mobile application with Flutter framework
- Research and implement UX design
- Manage infrastructure using Google Cloud Platform
- Optimize audio and video assets. Resulted in 15x times increased performance.

Education

Linux Academy

May 2020 / present

Online, self-paced: Advanced DevOps, NGINX, Jenkins, Docker, Kubernetes, AWS developer, LPI system administrator

Codeworks

January 2020 / April 2020

Barcelona, Spain: Full-Stack web development immersive bootcamp, advanced JavaScript, agile development and scrum.

CS50 @Harvard

September 2019 / December 2019

Online, self-paced: Introduction to Computer Science and web development. C, Python and SQL languages.

Institute of Energy Saving and Energy Management, NTUU (KPI) 1999 / 2004

Kiev, Ukraine Four years of Mechanical Engineering. Unfinished due to career development.
